

KaWaBiz NET's booth will be set up at Kawasaki International Eco-Tech Fair 2013

Kawasaki Water Business Network (KaWaBiz NET) will have its booth at Kawasaki International Eco-Tech Fair 2013 to be held at the Todoroki Arena on Friday, February 1 and Saturday, February 2, 2013.

Attracting many visitors from all over the world, the Fair aims to promote international contributions through industrial exchanges and technology transfer in the environmental field by disseminating Kawasaki City's environmental efforts and information on excellent environmental technologies developed by domestic and international companies and provide a venue for business matching.

At KaWaBiz NET's booth, member companies' products and technologies as well as its contribution to enhancing the global water environment will be introduced. The Waterworks Bureau, City of Kawasaki, will also have their booth next to ours. Our exhibition together with their projects in waterworks, industrial water system, and sewerage system for establishing a sustainable water circulation system as well as their environmental efforts will be presented to visitors.

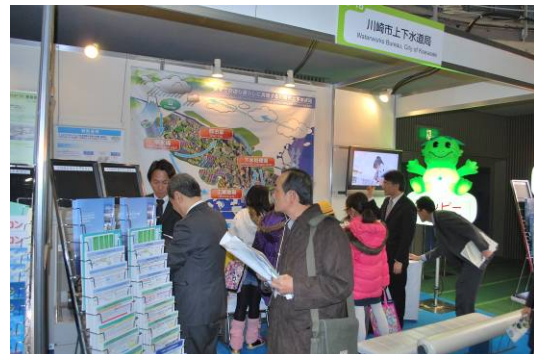

We welcome at our booth all those who are interested in environmental technologies and KaWaBiz NET's activities.
