

KaWaBiz NET will run a booth at "Kawasaki International Eco-Tech Fair 2015"

KaWaBiz NET

Kawasaki Water Business Network (KaWaBiz NET) will run a booth at "Kawasaki International Eco-Tech Fair 2015", which will be held on February 5 (Thursday) and 6 (Friday), 2015.

This exposition aims to promote international contributions through industrial exchange and technology transfer in environmental fields. The exposition will disseminate the information of environmental policy of City of Kawasaki and cutting-edge environmental technologies of private companies to home and abroad, and provide opportunities for seeking business partners.

As a new attempt, this year KaWaBiz NET will install a 46-inch monitor in its booth and will present an introduction of the products and technologies of the member companies and its activities to improve the global water environment using video.

Also, booth of Waterworks Bureau, City of Kawasaki, which is next to KaWaBiz NET, will be introducing a summary of water and sewage operations which tackle with a sustainable water circulation. We'd appreciate it if you could visit the exposition and our booth.

[Our exhibition contents]

1. Introduction of products, technologies, know-how and overseas businesses of KaWaBiz NET member companies
2. Introduction of activities of KaWaBiz NET toward the improvement of the global water environment
