

## **KaWaBiz NET held a PPP information exchange meeting relating to Indonesian water supply.**

At Kawasaki Water Business Network (KaWaBiz NET), we invited Mr. Sugawara, Director for Safe Drinking-water of JAPAN INTERNATIONAL CORPORATION OF WELFARE SERVICES, who has been dispatched to Indonesia as a long-term specialist in the water supply field from this year, to the “KaWaBiz NET PPP Information Exchange Meeting Relating to Indonesian Water Supply” which we held in the No. 4 conference room at the Kawasaki Industrial Promotion Hall on April 22, 2014 (Tue).

At this seminar, attended by 14 persons in total including 8 members of KaWaBiz Net as well as members of the JICA Global Environment Department, there was an exposition presented on the situation of water supply operations in Indonesia and Indonesia's mission, after which we held an exchange of ideas with the members.

At KaWaBiz NET, we will make use of this opportunity to continue providing information to members who have an interest in Indonesia's water supply operations and private-public joint projects in the future.
